Summary of Operations

The total operational income of your company for the year ended 31st March, 2019 stood at ₹ 23,078.64 lakhs as against ₹ 21,441.70 lakhs in the previous year resulting in an increase of ₹ 1,636.94 lakhs as compared to the previous year.

The Operating Profit before Depreciation, Finance Cost and Tax for the year ended 31st March, 2019 amounted to ₹ 1,367.29 lakhs as against ₹ 1,137.24 lakhs in the previous year.

The Year in Retrospect

During the financial year 2018-19, India's GDP growth is estimated to be 6.8%. The Indian economy did face a growth risk due to fluctuation in rupee and crude price, demonetisation and disruption in supply chains following the implementation of the Goods and Services Tax (GST). Industrial activity across sectors showed only a marginal improvement as labour-intensive sectors such as textiles, gems and jewellery, leather, etc. continued to struggle throughout the year.

Consumer sentiments remained suppressed for most part of the year with urban consumers feeling the overhang of inadequate job/income growth and high oil prices. At the same time, persistent deflation in food prices and lack of Minimum Support Price (MSP) realisations adversely impacted rural demand. In addition, credit growth was severely affected in the second half of the financial year with the non-banking financial sector under stress from defaults by a few large players in the sector.

However, this continued volatility will not impact India's sovereign credit profile as per Moody's analysis; as the rupee-denominated government bonds and robust foreign exchange reserves will help mitigate the risk. Hence, the world is confident of India's growth potential. The confidence in the Indian economy has increased substantially because of the various policy measures taken by the Government. India's future growth trend will be driven by structurally positive factors – favourable demographics, structural reforms, increased digitization, focus on development of infrastructure and housing and acceleration of productive job opportunities.

Outlook for the current year

India has emerged as one of the fastest growing major economies in the world and is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. Numerous foreign companies are setting up their facilities in India on account of various government initiatives like Make in India and Digital India.

Growth in India is expected to stabilise at 7 per cent over the medium term, based on continued implementation of structural and financial sector reforms, easing of infrastructure bottlenecks with efforts to reduce public debt which is essential to secure the economy's growth prospects.

Material changes and commitments, if any, affecting the financial position of the Company which have occurred between the end of the financial year till the date of report

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC AND BUSINESS OVERVIEW:

The increase in tariff rates by United States (US) on goods imported from China has heightened trade barriers between the world's two largest economies. According to economists and portfolio managers, if the dispute is prolonged and escalates further it will lead to a slower economic growth. The US and China have placed tariffs on each other's goods for nearly 10 months as the US administration has pressed Beijing to change years of what it claims are unfair industrial and trade policies. As a consequence, the Federal Reserve has decided to cut the interest rates if the US and China don't reach a détente in their escalating trade war.

Consumer price inflation has generally remained contained in recent months in advanced economies but has inched up in the United States, where above-trend growth continues. Key sources of risk to the global outlook are the outcome of trade negotiations. If countries resolve their differences without raising distortive trade barriers further and market sentiment recovers, then improved confidence and easier financial conditions could reinforce each other to lift growth above the baseline forecast.

INDUSTRY STRUCTURE AND DEVELOPMENT

With the help of Make in India drive, India is on the path of becoming the hub for hi-tech manufacturing as global giants such as GE, Siemens, HTC, Toshiba and Boeing. India has become one of the most attractive destinations for investments in the manufacturing sector.

In the structure of Indian Plastics Industry and Exports, there has been significant progress and the industry has grown and diversified rapidly. The industry spans the country and hosts more than 2,000 exporters. It employs about 4 million people and comprises more than 30,000 processing units, 85-90 percent of which are small and medium-sized enterprises. The Indian Plastics Industry offers excellent potential in terms of capacity, infrastructure and skilled manpower. It is supported by a large number of polymer producers, and plastic process machinery and mould manufacturers in the country.

Among the industry's major strengths is the availability of raw materials in the country. Thus, plastic processors do not have to depend on imports. These raw materials, including polypropylene, high-density polyethylene, low-density polyethylene and PVC, are manufactured domestically.

The below mentioned table gives the present composition of business of your Company.

REVIEW OF OPERATIONS

During the year 2018-2019, our customer Whirlpool of India has shown continued growth along with gain in market share in both the refrigerator and washing machine segment. This is despite the uncertain market sentiment due to the upcoming election. Our business with Rialto, for whom we are manufacturing toothbrush handles, has seen an increase of 35% thanks to the introduction of new models which were awarded to us in the previous year. This growth has been accommodated in Puducherry Unit III which was set up last year. Our customer CMI (Carrier Midea India Private Limited) has been expanding its presence in the AC segment, in light of the same our business with them has seen growth in the fourth quarter. Our business with Eureka Forbes remains steady.

The Divo brand has been focusing on expanding its product range to help boost their sales.

Seeing the above our capacities in our Faridabad and Puducherry Unit I show a marginal increase in capacity utilization as compared to last year. Our Puducherry Unit II is showing good utilization in both existing and recently installed capacities.

GROWTH DRIVER

The company has been awarded another prestigious project for its toothbrush handle manufacture in the Puducherry Unit II. This is a global project which will be sourced from India with an SOP (Start of Production) date of April 2020.

The company has been focusing on marketing its toolroom capabilities to external clients and has identified it as an independent profit centre.

The steady growth projected by our customer Whirlpool of India will ensure better utilization of our installed capacities.

OPPORTUNITIES

- The move towards automation will see more reliability in manufacturing along with maximizing of outputs.
- India's young demographic along with low rural penetration continues to show growth potential in demand for consumer durables.
- Continuation of Stable government will see more multinational companies expand their manufacturing presence in India.

THREAT

- The primary business of the company is supplying the consumer durable industry, the nature of which is highly competitive and price revisions are hard to come by, due to which margins remain tight.
- The haircare and beauty care division is based on trading and imports and hence any depreciation in Indian currency can have an adverse impact on margins.

OUTLOOK

The outlook is positive for India, despite softer growth, the Indian economy remains one of the fastest growing and possibly the least affected by global turmoil.

Seeing the market uncertainty and late onset of monsoon we are viewing the year as being flat with minimal growth, the company is focusing on various methods of improving profitability.

RATIOS

The significant changes in the financial ratios of the Company, which are more than 25% as compared to the previous year are summarised below:

Ratio	F.Y.2018-19	F.Y.2017-18	Change (%)	Reason for change
Debt Equity Ratio	0.32	0.20	56%	The change in ratio is due to increase in debt as compared to the previous year.

III. Independent Auditor's certificate on the Corporate Governance report for the period 1st April, 2018 to 31st March, 2019

To,
The Members of Bright Brothers Limited

- 1 This Certificate is issued in accordance with the terms of our engagement letter dated 10th April 2019.
- 2 Bright Brothers Limited ('the Company') requires Independent Auditor's Certificate on Corporate Governance as per Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and Paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') for the period 1st April, 2018 to 31st March, 2019.

Management responsibility

- 3 The preparation of the Corporate Governance Report is the responsibility of the Management of the Company along with the maintenance of all its relevant supporting records and documents. The Management is also responsible for ensuring that the Company complies with the requirements of Regulation 17-27, Clauses (b) to (i) of Regulation 46(2) and Paragraphs C, D and E of Schedule V of the Listing Regulations for the period 1st April, 2018 to 31st March, 2019. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report and applying an appropriate basis of preparation.

Auditor's Responsibility

- 4 Pursuant to the requirements of the Listing Regulations, our responsibility is to certify whether the Company has complied with the conditions of the Corporate Governance as stipulated in Listing Regulations for the period 1st April, 2018 to 31st March, 2019.
- 5 We have examined the compliance of the conditions of Corporate Governance by the Company for the period 1st April, 2018 to 31st March, 2019 as per Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and Paragraphs C, D and E of Schedule V of the Listing Regulations. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the Standalone Ind AS financial statements of the Company.
- 6 We conducted our examination in accordance with the Guidance Note on Audit Reports and Certificates issued for Special Purposes (Revised 2016) issued by the Institute of Chartered Accountants of India ("Guidance Note"). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.
- 7 We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Conclusion

- 8 In our opinion and to the best of our information and according to the explanations given to us and representations made by the Management, we certify that the Company has complied with the conditions of Corporate Governance as specified in Regulations 17 to 27, Clauses (b) to (i) of Regulation 46(2) and Paragraphs C, D and E of the Schedule V of the Listing Regulations, as applicable.
- 9 We state that such compliance is neither an assurance as to the future viability of the Company nor as to the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Restrictions on Use

This Certificate is issued solely for the purpose of complying with Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and Paragraphs C, D and E of Schedule V of the Listing Regulations for the period 01 April 2018 to 31 March 2019 and may not be suitable for any other purpose. Accordingly, we do not accept or assume any liability or duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Independent Auditors' Report

TO THE MEMBERS OF, BRIGHT BROTHERS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Bright Brothers Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2019, and the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sn.	The Key Audit Matters	How our audit addressed the key audit matter
1	Evaluation of Contingent Liabilities	
	The Company operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business regarding Disputed Statutory Liabilities and Contingent Liabilities. These involve significant management judgment to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the standalone financial statements.	<p>Our audit procedures include the following substantive procedures:</p> <ul style="list-style-type: none"> ➤ Read and analysed documents provided by the management for key uncertain tax positions; ➤ Discussed with appropriate senior management and evaluated management's underlying key assumptions in disclosure of disputed statutory liabilities; and ➤ Assessed management's estimate of the possible outcome of the disputed cases.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit / loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(A) As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on 31 March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations as at 31 March 2019 on its financial position in its financial statements - Refer Note No. 34 (Sn 1 to 5) to the financial statements;
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

(C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure – B to the Independent Auditors’ Report

(Referred to in paragraph 1(A)(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of **Bright Brothers Limited** (“the Company”) as of 31 March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that

receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting, however, the same needs to be strengthen and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

SIGNIFICANT ACCOUNTING POLICIES

COMPANY INFORMATION:

The Bright Brothers Limited ("the Company") is public limited Company incorporated and domiciled in India and has registered office at 610-611, Nirman Kendra, Famous Studio Lane, Dr. E. Moses Road, Mahalaxmi, Mumbai 400 011. It is incorporated under the Indian Companies Act, 1913 and its shares are listed on the Bombay Stock Exchange Limited.

The Company is engaged in the business of manufacturing injection moulded plastics products for supplies to Original Equipment Manufacturers for Consumer Durable Industry and market its own products under "Brite" brand for material handling crates.

The Company has hair care division which market hair brushes and beauty products under "DIVO" brand.

(A) Basis of Preparation of Financial Statements:

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under section 133 of the Companies Act, 2013.

The financial statements of the Company are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value (refer accounting policy on financial instruments – note (H) below.
- Defined Benefit and other Long term Employee Benefits - Refer note (J) below.

(B) Use of Estimates:

The presentation of financial statements requires the management to make certain judgments, estimates and assumption that affects the reported amounts reported under the financial statements and notes thereto. Although such estimates and assumptions are based on the management evaluation of relevant facts and circumstances as on the date of financial statements, the actual amounts (crystallization after preparation of financial statements) may differ from these estimates.

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

(C) Property, Plant and Equipment:

- (i) Property, plant and equipment other than certain revalued land, capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalisation criteria are met, directly attributable cost of bringing the asset to its working condition for the intended use and initial estimate of decommissioning, restoring and similar liabilities. Any trade discounts and rebates are deducted in arriving at the purchase price. Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.
- (ii) Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.
- (iii) Gains or losses arising from de-recognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Cost of land includes lands acquired under lease.

Cost of building includes buildings constructed on leasehold lands.

(D) Depreciation on Property, Plant and Equipment:

- (i) Depreciation on Property, plant and equipment is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management, which are equal to the life prescribed under the Schedule II to the Companies Act, 2013.

Depreciation on assets added/sold or discarded during the year is being provided on pro-rata basis up to the date on which such assets are added/sold or discarded.

Gains/Losses on disposals/de-recognition of property, plant and equipment are determined by comparing proceeds with carrying amount and these are recognized in statement of profit & Loss.

- (ii) Premium on leasehold land is amortized over the period of lease.

(E) Intangible Assets:

Intangible assets, which are acquired, are capitalized and amortized on a straight-line basis over their useful lives of four years. Intangible assets are held on the balance sheet at cost less accumulated amortisation and impairment losses.

Notes accompanying the Financial Statements

(F) Foreign Currency Transactions:

- (i) Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction.
- (ii) Foreign currency monetary assets and liabilities are translated at year end exchange rates. Exchange differences arising either on settlement or on translation of monetary items at the year end are recognised as income or expenses in the year in which they arise.

(G) Inventories:

Inventories includes Raw Material, Work-in-Progress, Finished goods, Stores & spares, Consumables, Packing Materials.

- (i) **Raw Material and Components** – Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost is determined using identified lot basis / First in first out (FIFO) basis.
- (ii) **Finished stock, Traded goods and work in progress stock** – Cost includes cost of direct material, labor, other direct cost and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average cost basis.
- (iii) **Stores, Spare Parts, Consumables, Packing Materials etc.** – Cost is determined on FIFO basis.

Adequate allowance is made for obsolete and slow moving items.

(H) Financial Instruments:

Financial assets - Initial recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss. Subsequent measurement Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (i) the entity's business model for managing the financial assets and;
- (ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost:

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to Statement of Profit and Loss.

(c) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity Instruments:

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

Impairment:

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

Notes accompanying the Financial Statements

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities include trade and other payables, loans and borrowings.

Subsequent measurement:

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings:

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Notes accompanying the Financial Statements

(I) Fair Value measurement:

The Company measures financial instruments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- (ii) Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- (iii) Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(J) Employee Benefits:

The Company has following post-employment plans:

- (a) Defined benefit plans such a gratuity and;
- (b) Defined contribution plans such as Provident fund & Superannuation fund

(a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (i) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (ii) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising

- (i) Re-measurement of Actuarial(gains)/losses
- (ii) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (iii) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

Notes accompanying the Financial Statements

(b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

(c) Other employee benefits:

- (i) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (ii) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.

(K) Impairment of Non Financial Assets:

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

(L) Taxes on Income:

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items, that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

(M) Provisions, Contingent Liabilities and Contingent Assets:

Provisions:

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

Notes accompanying the Financial Statements

Contingent Liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that can't be recognised because it can't be measured reliably. The Company does not recognise the contingent liability but disclose its existence in its financial statements.

Contingent assets:

Contingent assets are neither recognised, nor disclosed.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

(N) Leased Assets:

A lease is classified at the inception date as a finance lease or an operating lease. Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.

Other leases are treated as operating leases, with payments are recognised as expense in the statement of profit & loss on a straight line basis over the lease term.

(O) Exceptional Items:

Exceptional Items: On certain occasions, the size, type or incidence of an item of income or expense, pertaining to ordinary activities of the Company is such that its disclosure improves an understanding of performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

(P) Borrowing Costs:

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of cost of such asset till such time as the asset is ready for its intended use or sale. All other borrowing costs are charged to revenue.

(Q) Revenue Recognition:

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue is recognised only if following conditions are satisfied:

- (i) The Company has transferred risks and rewards incidental to ownership to the customer;
- (ii) The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- (iii) It is probable that the economic benefit associated with the transaction will flow to the Company; and
- (iv) It can be reliably measured and it is reasonable to expect ultimate collection.

Revenue from sale of services are recognized when the services are rendered.

Dividend income is recognised when the right to receive payment is established.

(R) Earnings Per Share:

Earnings per share is calculated by divided the profit attributable to the shareholders by the number of equity shares outstanding at the close of the year. The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the period. The weighted diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

(S) Cash and Cash Equivalents:

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

(T) Cash Flow Statement:

The Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

- (i) transactions of a non-cash nature.
- (ii) any deferrals or accruals of past or future operating cash receipts or payments and
- (iii) items of income or expense associated with investing or financing cash flows.

(U) Cash Dividend

The Company recognizes a liability to pay dividend when the distribution is authorised and the distribution is no longer at the discretion of the Company i.e. when the dividend distribution is being approved by the shareholders. A corresponding amount is recognized directly in equity.

Notes:

- Most of the issues of litigation pertaining to Central Excise/Service Tax/Income Tax are based on interpretation of the respective Law & Rules thereunder. Management has been opined by its counsel that many of the issues raised by revenue will not be sustainable in law as they are covered by judgments of respective judicial authorities which supports its contention. As such no material impact on the financials of the Company is envisaged.
- Sales Tax and Entry Tax related litigation/demand primarily pertains to non- submission of required declaration forms in time due to non- receipt of the same from customers and/ or some interpretation related issues. However in most of the cases, required documents are being filed and minor impact if any, shall be given in the year of final outcome of respective matter in appeal.
- Other issues are either in ordinary course of business or not of substantial nature and management is reasonably confident of their positive outcome. Management shall deal with them judiciously and provide for appropriately, if any such need arises.
